

**BOOK YOUR SLOTS FOR THE WEBINAR on "E - Waste Management" for Students,
Teachers & Parents**

To
The Principal
Panjab University
Sector 14, Chandigarh, 160014
Greetings from WE - The Recycling Company!

Due to increasing use of electronic devices, managing old, surplus, and broken devices are becoming challenging. WE have been organizing awareness webinars on "Electronic Waste Management." for students, parents, and faculty members of different schools & colleges. WE also conduct awareness sessions with corporates, brands, and residential complexes etc.

The duration of the session would be 30-40 minutes followed by 15-20 minutes of Q&A session. As a part of our activity, after the webinar, WE would ask participants to drop-off their E-waste at school on a regular basis or directly notify us by phone/e-mail for E-waste pickup from their home location. Our team will pick up all the collected E-Waste from the school once a month or as per requirements. In lieu, WE will issue a GREEN CERTIFICATE OF RECYCLING in the name of the school & also give a memento for supporting Clean India - Green India. We will also issue & send E-Certificates to all the participants for attending awareness webinar.

In this regard, we seek your kind consent to conduct a Webinar for students/teachers/ parents with your school. The Dates available for the Webinar are between 25-11-2021 to 31-12-2021.

The details of the Webinar are as follows:

In one session we can accommodate a maximum of 100 participants including teachers & parents. The Webinar would be conducted on the "Google Meet" platform. The link will be shared with coordinating teacher/s so that he/she can send the link to all students.

After the Webinar, we shall share the Feedback link with all participants. On receipt of feedback, we shall issue E-Certificates to all participants.

Please note the Registration is FREE.

Kindly contact the undersigned for fixing up the date & time for the webinar.
