

QUAD FELLOWSHIP

by SCHMIDT FUTURES

ABOUT

On September 24, 2021, Quad partners Australia, India, Japan, and the United States announced the Quad Fellowship: a first-of-its-kind scholarship program designed to build ties among the next generation of scientists and technologists. This program will sponsor 100 exceptional American, Japanese, Australian, and Indian master's and doctoral students in science, technology, engineering, and mathematics to study in the United States. The fellowship will develop a network of science and technology experts committed to advancing innovation and collaboration in the private, public, and academic sectors, in their own nations and among Quad countries.

BENEFITS

The Quad Fellowship offers a unique combination of financial benefits, cross-cultural exchange, networking, and content programming. Quad Fellows will receive a one-time, personal award of \$50,000 for study in STEM master's and doctoral programs in the United States. Fellows can apply separately for additional needs-based funding up to \$25,000 to support completion of their academic study subject to conditions.

ELIGIBILITY

Applicants must:

Be at least 18 years of age at the time of application submission • Be citizens or legal permanent residents of Australia, India, Japan, or the United States • Have a bachelor's degree or its equivalent in a STEM field by August 2023 • Have a demonstrated record of superior academic achievement at the undergraduate level.
