

\*Dear Sir,\*

Warm Greetings from Research for Resurgence Foundation, Nagpur, India.

RFRF is in the process of establishing a platform \*SHODH-SETU\* to connect Researchers/Faculties from BHARAT's institutions and universities for engagement on cooperative research, project development, and providing solutions on issues of national-interest . We would appreciate your assistance in developing such connections and information on facilities and faculties across Bharat.

You are requested kindly to circulate this information and link of \*FIRST (Faculty Information for Research in Science and Technology) Program\* to all the faculties and researchers in your esteemed university/institution and encourage them to provide the necessary information. We will utilize the data for building the SHODH SETU platform meant exclusively for researchers or people interested in research of Bharat.
